Bringing God's love and compassion to abortion-minded women.

Caring Network™

Prayer Guide

Thank you for praying with us to make abortion ***obsolete.***

Small groups and church congregations can join us in public prayer for the end of abortion. As you lead your church or group, you could:

Pray for federal, state and local leaders

Pray for mothers considering abortion – that they would learn the truth and get the help they need to choose life
Pray for fathers, parents and friends who are influencing a decision

Pray for post-abortive women – that they would hear and receive the forgiveness that is in the Lord Jesus

Pray for the repentance of those who work in the abortion industry

Pray for those who work in life-minded organizations and ministries

Lead your congregation in confession and lament for abortion in our churches and society

Pray that the church would let our light shine before men, that they may see our good works and glorify our Father in heaven
